Neuchâtel Junior College

A Transformational Experience

That's the opportunity we create for each student. Students immerse themselves in an environment that expands their horizons and challenges their perceptions of the world. We empower them to become confident, capable, and principled leaders of the future. We take pride in creating an atmosphere that helps each student reach their full potential and become the best version of themselves.

It is a year that changes the way students see the world and themselves. Through rigorous academics, experiential learning, and travel, our students gain not only knowledge but also confidence, independence, and self-awareness.

A year at NJC broadens horizons and enriches lives.
